

All presentations will take place at Mrs'O conference room A&B

Time	Name	Faculty	Title	
Thursday 20th September , Day 1				
8.30am	Registration		All Conference participants	
9.30am	Research presentations		4 researchers and 3 lecturers	
10.10am	Research Information session		LTL and others	
10.30am	Career guidance for pursuing PostGrad qualification		Michelle Ash and others	
11.00am	Scholarship info session		Scholarship department	
11.25am	Brief about LU PG Conference 2018		Conference committee	
11.30am	BBQ in Forbes lawn		LUSA	
Day 1	Afternoon Session		Theme: Clean and green	
1.00pm	Opening of Conference		VC Speech Official opening	
1.15pm	Charles Brennan			
1 1.30pm	Nguyen Thi Thieu Quang	AgCom	Capital Regulation and Bank Balance Sheet Adjustments: A Simultaneous Approach	Clean and green
2 1.45pm	Daniel Martin-Hendrie	AGLS	Soil pH, exchangeable aluminium and legume yield responses to deep-placed lime at Omarama Station	Clean and green
3 2.00pm	Yuan Li	AGLS	Emission of N2O and CO2 from soil: a function of carbon substrates and soil water content	Clean and green
4 2.15pm	Sundar Tiwari	BPRC	Trap cropping for the wheat bug to minimize ecosystem dis-services from prophylactic pesticide use	Clean and green
5 2.30pm	Dharshika Nishadini Welikala	AGLS	Trace metal immobilisation and leaching from peat and compost amended soils	Clean and green
2.45-3.00pm	Afternoon tea			
3.15pm	Travis Glare		Keynote speaker	
6 3.30pm	Rachel Mary Teen	ESD	Havelock North's shock encounters with water supply contamination: impact on the perceptions and perspective of small businesses.	Clean and green
7 3.45pm	Tauseef Khan Babar	BPRC	Bacteriophages in <i>Brevibacillus laterosporus</i>	Clean and green
8 4.00pm	Ye Yuan	AGLS	Vermicomposting, waste recycling and plant growth	Clean and green
9 4.15pm	Zach Simpson	AGLS	Meta-analysis of stream sediment phosphorus buffering at baseflow	Clean and green
10 4.30pm	Carmen Medina	AGLS	Irrigation of temperate pastures does not increase the net soil C inputs via photosynthesis	Clean and green
11 4.45pm	Grace Tariro Gowera	ESD	Investigation of Nutrient Management Trade-offs using the Land Utilisation Capability Indicator (LUCI).	Clean and green
5.00pm	End of presentations for Day 1			

Friday 21st September, Day 2					
Day 2	Morning Session		Theme: Global Reach		
Time	Name	Faculty	Title		
9.00am	Doors Open				
9.15am	Hugh Bigsby		Key note Speaker		
12 9.30am	Eva Rachmawati	ESD	Tourism and community empowerment: Critical insight from Indonesia		Global reach
13 9.45am	Rashid Zaman	AgCom	Integrated approach to Corporate Governance and Corporate Social Responsibility: The Case of New Zealand		Global reach
14 10.00am	Zohreh Karaminejad	ESD	Collaborative Governance in housing regeneration		Global reach
15 10.15am	Stephen Bahadar	AgCom	Inverted U between efficiency and volume of International Exchange-Traded Funds		Global reach
16 10.30am	Huihui Hao	AgCom	China's industrial transfer and its effects on socio-economic performance in interior regions		Global reach
10.45-11.00am Morning Tea					
17 11.05am	Yong Srun Vann	AgCom	Title: The Macroeconomic Impacts of Technological Innovation on Productivity and Inflation in the era of Globalization in Emerging Markets		Global reach
18 11.20am	Shaun Snoxell	AgCom	Rural Livelihoods and Constraints to Commercial Farming in Tanintharyi Region, Myanmar		Global reach
19 11.35am	Linh Thuy Nguyen	AgCom	Determinants of Poverty and Inequality in Vietnam		Global reach
20 11.50am	Duong Hai Long	ESD	Assessing the educative role of ecotourism guides in Vietnam: A mixed method approach		Global reach
21 12.05 noon	Kongcheng Poch	AgCom	Effects of foreign capital on exchange rate: Evidence from developing countries		Global reach
22 12.20pm	Irene Setiawan	ESD	Assessing seawater intrusion vulnerability associated with sea level rise in Christchurch using GIS-based methods		Global reach
12.35-1.05pm	Lunch				
Day 2	Afternoon Session		Theme: Paddock to Plate		

	Time	Name		Title	
	1.15pm	Grant Edward		Key Note speaker	
	1.30pm			Introductions and housekeeping. Judges:	
23	1.45pm	Ali Kakhki	BPRC	Effect of exogenous application of plant growth regulators and topping on the uniformity of spinach (<i>Spinacea oleracea</i> L.), reproductive growth and seed quality	Paddock to plate
24	2.00pm	Zuhaib Fayaz Bhat	AGLS	Pulsed electric field improves the calpain activity and proteolysis of beef muscle during ageing	Paddock to plate
25	2.15pm	Ahmad Shalalkeh	ESD	Body Composition Determinations methods and techniques throughout Ewes Production Life Cycle	Paddock to plate
26	2.30pm	Ishaku Lemu Haruna	AGLS	Genetic Variation and Haplotypic diversity in the Myostatin gene of New Zealand Cattle breeds	Paddock to plate
	2.45-3.00pm	Afternoon Tea			
27	3.05pm	Michal Kuchar	BPRC	Fungi in your cabbage... is actually a good thing	Paddock to plate
28	3.20pm	Franziska G. Schmidlin	AGLS	Insect flower visitors of planted native species within the arable landscape on the Canterbury Plains, New Zealand	Paddock to plate
29	3.35pm	Fabiola Padilla Arizmendi	BPRC	Modulation of maize phytometabolome by <i>Trichoderma virens</i> : Untargeted metabolic fingerprinting analysis	Paddock to plate
30	3.50pm	Ugonna Jane Ekegbu	AGLS	Gene and Juice: Effect of gene variations on NZ sheep meat quality	Paddock to plate
31	4.05pm	J M S Reshan Jayawardena	AGLS	BEEF LUNG PROTEIN POWDER AS A FUNCTIONAL INGREDIENT TO ENHANCE PROTEIN AND IRON CONTENT OF PLANT-BASED DIETS	Paddock to plate
	4.20pm	End of Day 1 presentations			
	5.00 - 7.00pm	What's Next		An opportunity to network and get inspired by our Graduates in Mrs'O	

Monday 24th September , Day 3				
Day 3	Morning Session		Theme: Humans and nature	
	9.00am	Doors Open		
	9.15am	Tim Curren		Keynote Speaker
	9.30am			Humans and nature
32	9.45am	Zhe Wang	ESD	Estimating Productivity in a Scrum team: A Multi-Agent Simulation Humans and nature
33	10.00am	Nick Beattie	ESD	Transients the population unplanned for? Achieving disaster risk reduction through legislation for transients. Humans and nature
34	10.15am	As ari wahyu utomo	ESD	The Application Unmanned Aerial Vehicle and Satellite Imagery for Effective National Park Planning for Aketajawe Block, Aketajawe Lolobata National Park, Indonesia Humans and nature
	10.30-10.45am	Morning Tea		
35	10.50am	Hewa Malge Rasika Sameera Sampath Gunawardana	ESD	Service Providers Response Behaviours Towards Chinese Tourists: Evidence from Sri Lanka Humans and nature
	11.05am			Key note speaker
36	11.20am	MD SHOAIB AKHTAR	ESD	Factors influencing motel location selection by motel owners and operators of New Zealand Humans and nature
37	11.35am	Yaa Mawufemor Akubia	ESD	Guest perception of the hotel front desk check-in encounters: the impact of hotel characteristics Humans and nature
38	11.50am	xiaozhen Ye	ESD	Commodifying Yushu Tibetan dance: Ecological migrant performers' perspective Humans and nature
	12.05-12.45pm	Lunch		
Day 3	Afternoon Session		Theme: Emerging area	

	1.00pm	Opening of Afternoon session		Judges:	
39	1.15pm	Nazanin Mansouri	AgCom	A review of the adoption of AMS in pastoral based dairy systems: exploring the myths and the realities	Emerging areas
	1.30pm	Gerg Ryan		Keynote speaker	
40	1.45pm	Ncebakazi Lutuli	AgCom	Agricultural Extension: Swipe Right!	Emerging areas
41	2.00pm	Hilary Riordan	ESD	Planning for death in the wake of New Zealand's changing cultural landscape: A Christchurch case study	Emerging areas
42	2.15pm	Ha Nong	AgCom	Gender and Climate Change in Agriculture in Vietnam	Emerging areas
	2.30-2.45pm	Afternoon Tea			
43	2.50pm	Cristian Andrei Costan	BPRC	Alien Rumex spp. in New Zealand host a different herbivore fauna, experience lower levels of herbivory and grow larger than in their native range	Emerging areas
44	3.05pm	Khanh Hoang	AgCom	Do investors trade on the edge? Evidence from insider trades in a new emergin market.	Emerging areas
45	3.20pm	Md Azharul Alam	AGLS	Flammability of shoot-level fuels mixture is non-additive: Low flammable plants reduce the spread of fire	
46	3.35pm	Dao Le Trang Anh	AgCom	Corporate Ownership Structures, Financial Constraints and Investment Decisions in Vietnam	Emerging areas
47	3.50pm	Thomas Carlin	BPRC	Inconsistency of niche shifts across the world	Emerging areas
		End of presentations			
	4.05pm	Closing Address		Charles Brennan	
	4.10pm	Closing Address		Vice Chancellor	
	5.30pm	Presentation Dinner/ Prize Giving ceremony.		Come celebrate and relax after the conference at Te Kete Ika	

Poster presentations					
1		Guillermo Nogueira Lopez	BPRC	Understanding the molecular communication between Trichoderma and maize roots through the analysis of their apoplastic secretome	
2		Christina Berneheim	ESD	Fit for the future? How New Zealand dairy farmers adapt to a changing regulatory climate	
3		Thomas Carlin	BPRC	Inconsistency of niche shifts globally	
4		Claire McCorkindale	ESD	Auditing for Good: dairying, environmental auditing and the 'good farmer' in the Amuri Environmental Collective	
5		Ahmad Shalalkeh	ESD	Body Composition Determinations methods and techniques throughout Ewes Production Life Cycle	
6		Carolina Lizarralde	AGLS	Estimating phosphorus losses in surface runoff and subsurface flow from soils receiving dairy factory wastewater	
7		J M S Reshan Jayawardena	AGLS	BEEF LUNG PROTEIN POWDER AS A FUNCTIONAL INGREDIENT TO ENHANCE PROTEIN AND IRON CONTENT OF PLANT-BASED DIETS	
8		Tilak Raj	ESD	Impact of 12-weeks of yoga intervention on balance in university level rugby players.	
9		Sonam Tashi Lama	AGLS	First recorded marbled cat <i>Pardofelis marmorata</i> Martin, 1837 (Mammalia: Carnivora: Felidae) in Nepal	
10		Victor Okoroji	AgCom	Farmers' use of mobile phone applications in Abia State, Nigeria	
11		Salome Seyedalikhani		Freshen up the poo, earn money too!	
12		Farman Ullah	AGLS	Keratin associated protein genes and determination of wool quality	
13		Irene Setiawan	ESD	Assessing seawater intrusion vulnerability associated with sea level rise in Christchurch using GIS-based methods	
14		Michal Kuchar	BPRC	Fungi in your cabbage... is actually a good thing
