CUMULATIVE INDEX

1971
This cumulative index has been prepared for farmers, students and others who may wish to make use of earlier volumes of the published Proceedings.

References are to the volume number and the page numbers of each paper listed.

It was compiled by Miss F. L'Estrange of the staff of the College Library, and typed in its final form by Miss P. Blake of the Department of Rural Education.

Stocks of some earlier volumes of the Proceedings are still held. While these last, copies may be purchased on application to:

The Secretary,
Lincoln College Farmers' Conference,
Lincoln College,
Canterbury.
