

# Emerging as a researcher in the new normal

Lincoln University Postgraduate Conference  
28-29 August 2012

Where to from here – the new normal?

Roger G. Dawson

Sarah L. Tritt

Library, Teaching and Learning

Your thesis is  
not  
the only  
milestone

AUTHOR RIGHTS  
“What you produce  
is of value” outputs

opportunities, responsibilities, credibility  
ESTABLISH YOUR  
RESEARCHER  
IDENTITY  
CONTAIN YOUR OUTPUTS

# Contain Your Outputs

*“What you produce  
is of value”*

- Establish your researcher identity
- Create your research portfolio
- Contribute to research culture

# You are building

- Credibility
- Reputation
- Peer Esteem

*“Publically funded  
research  
should be publically  
available”*

# Open access

- Connects the global research community
- Democratises access to information

**OPEN ACCESS**  
**PROTECT YOUR OUTPUTS**

# Protect Your Outputs

- Copyright
- Author rights
- Creative Commons licences

# Maximise Your Outputs

# Don't lose opportunities...

- Increase your visibility
- Curate your research
- Mark your progress as a researcher

# Collect versions of your work

# What do we mean by “versions”?

In the traditional environment

- Preprint
- Accepted manuscript
- Publishers version

# Why collect versions?

- Increases your profile
- Consolidates your reputation
- Promulgates your research

# The New Normal...

Contain  
Protect  
Maximise  
your research outputs

# On the horizon - Data management ???

# Questions and Comments?
